

What Makes Our Program Great?

Relationships- Our campers make lifelong friendships. Whether it is talking with a counselor on a field trip, or playing games and making crafts with a fellow camper, camp is a place for new friendships and life long memories.

Skills- Campers will learn new skills such as archery, swimming, team building, anti-bullying and much more. Our progressive programming focuses on developing skills that can become lifelong pursuits.

Quality- Our program incorporates current child development theory into traditional camp activities. Age appropriate programming, multiple teaching methods, and active learning models.

Day Camp Staff

Our Director and Counselors meet DHHS requirements through our School Aged Child Care License. We select our dedicated staff for their character, enthusiasm, energy and positive attitude. They are trained to recognize the needs of kids and provide a safe, nurturing, and fun environment for all campers.
